DECLARATION OF CONFLICT OF INTEREST:

Councillor Carswell-Alexander declared a conflict of interest during the discussion on Lyndoch Street parking and left the Council chambers
Mr. Terry Gray of T.W. Gray & Associates was present to present to the Committee on behalf of his clients, developers of property at the intersection of Fane & Colborne Streets in Corunna with a proposal to cost share the redevelopment of Fane Street. Mr. Gray pointed out that his clients’ subdivision faces on a portion of Fane Street and that the south side of Fane Street is currently residentially developed. In his proposal, Mr. Gray is requesting that the Township share 50% of the estimate $107,500.00 to reconstruct Fane Street and Colborne Street to Lot 24 of the proposed subdivision and 100% of the costs to rebuild Fane Street from Lot 22 to Bentinck Street. The portion to Bentinck Street is estimated to cost $38,000.00.

Mr. Gray pointed out that there is no precedent for such a cost share and it would seem fair to his clients for Township participation due to the fact the south side of Fane Street is fully developed. It is hoped that the development would start by the fall of 2008. Mayor Arnold questioned who would coordinate the reconstruction of Fane Street and it was decided it could be by agreement, a cooperative effort between the Municipality and the engineering consultant. In response to the Committee’s questions, Mr. Burnham advised that Fane Street will be scheduled for reconstruction at an unspecified budget year. Mayor Arnold requested that Mr. Burnham prepare a report for Council’s consideration to see what budget adjustments would be necessary to accommodate the Fane Street project this year. While present, the Mayor also questioned Mr. Gray as to the status of his work for the architect preparing final design for the Township’s Emergency Services building in Corunna. Mr. Gray hoped to have the information to the architect as soon as possible, but certainly by the end of the week.

Deputy Mayor Gilliland questioned the status of the instruction to draft a by-law to prohibit race tracks in the Municipality. The Clerk and the CAO advised that there currently is a prohibition for the establishment of such tracks in the zoning by-law and perhaps a regulation by-law may not be the most appropriate way to address the problem. The Clerk did advise of discussions with other Municipalities and further information would be made available to Council at its next meeting.
