

## Bluewater Community Alerting Network Information

Your receiver has been pre-programmed with your group code prior to purchase and will operate without any further group codes. If you wish to monitor other areas you may enter additional codes into your receiver.

To program group codes into your BCAN Receiver, select your desired code from the list below and follow the instructions: (step by step on reverse side)

- Be sure your BCAN Receiver is powered on
- Switch the Receiver to "Setup"
- Press the "Next" button until "Address" is highlighted.
- Press the "Alarm Stop" button to choose this menu item
- Press the "Alarm Stop" button again to add a new address
- Use the "Next" button to select a number or letter
- Press the "Alarm Stop" button to move to the next space
- After entering all numbers and letters, the Receiver will display "Address Added"
- Switch the Receiver to "On Line"

Group Locations	Group Code
Brigden Area 1A (north)	061FDA
Brigden Area 1B (south)	061FDB
Corunna Area 2	061DCA
Courtright Area 3	061FD9
Wilkesport Area 4	061EE4
Port Lambton Area 5	061FDE
Becher Area 6	031FDF
NOAA Weather Alerts (St. Clair County Mich.)	037363

For additional codes and information you can visit the Alert FM website; [www.alertfm.com](http://www.alertfm.com)

**Remember:** If you need to leave the area during an emergency you can take your receiver with you and still get updates about the situation.

**Monthly Testing** will take place on the **First Monday at 12:30pm**

Questions or Concerns contact the St. Clair Township Fire Department at 519-481-0111

**Note:** your BCAN Receiver requires a power source. A 110 volt wall plug is provided and a non-rechargeable "AA" battery should be used as a back up power source during power outages

## Programming your BCAN Receiver

Step 1

Make sure your receiver is powered up

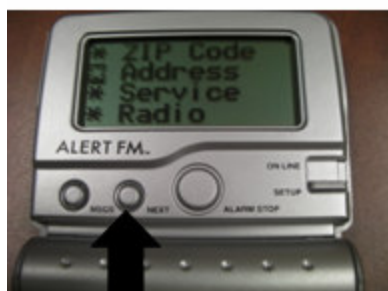

“AA” Battery Location

Step 2

Switch receiver to “SETUP”

Step 3

Press the “NEXT” button until Address is highlighted

Step 4

Press the “ALARM STOP” button to select

Step 5

Press the “ALARM STOP” button again to add address and move to the next digit
