

# NOCTA Presents: 5 Steps to Prevent, Treat, and Reverse Cancer

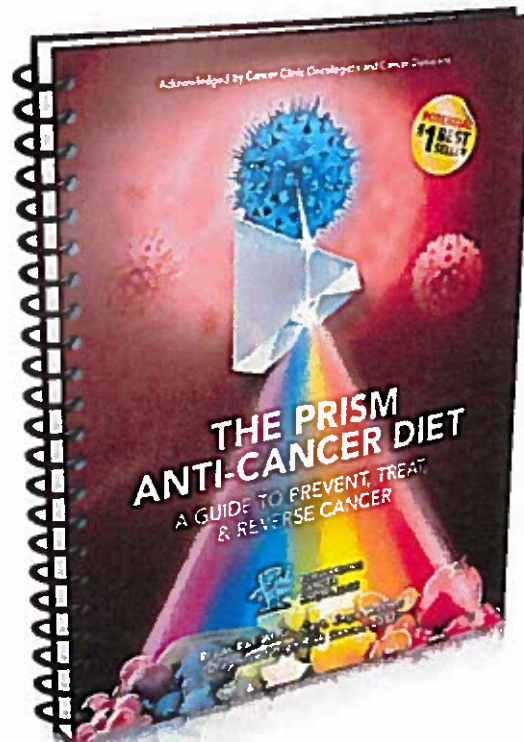

April 26th 6:00pm  
Moore Sports Complex, Mooretown ON  
Presented by Bryan Ball  
Research Partner with the American Institute for Cancer Research

"Because you have Cancer you are not doomed!"

The objective of this presentation is to EMPOWER people to increase their personal odds of beating cancer; to be able to take more control over their own lives and their own treatment and to make more informed, personal choices about their cancer treatment options.

We do this by providing ALL the information, not just on orthodox cancer treatments, but on complementary and integrative cancer therapies too.

All this information is available in "The Prism Anti-Cancer Book" acknowledged by Oncologist and Cancer Clinics. It will be available to purchase at the show as well as on our website at [fckcancer.ca](http://fckcancer.ca)

*The Township of St. Clair assumes no responsibility for the information provided. The book and information was prepared or accomplished by Bryan Ball and the views, opinions and information expressed are the author's own and do not reflect the views or opinions of the Township of St. Clair.*
