## THE HANDS OF TIME

Moore Museum has a clock repair shop as one of its exhibits and would be interested in offers of donations of further wind-up clocks to round out the collection. If you have any such clocks you would be willing to offer, please contact the Museum at 519-867-2020. Clocks do not need to be in working order as the Museum is fortunate to have a volunteer clock repairer. Although space limitations will not allow the Museum to accept all clocks offered, each will be carefully considered to provide the best possible variety of timepieces to exhibit so that visitors may learn more about this essential part of daily routines.
