

## **Sombra Museum lecture series continues**

The Sombra Museum's popular lecture series continues on Feb. 23, 2015 Canadian Grand Masters fiddle champ Greg Henry will talk about how he became interested in fiddle music and he'll play some tunes. On March 28, guest speaker Michael Deery will present *Anticipation and Disappointment*, a look at why some mail was returned to sender during WWII. Using actual correspondence, he will explain the reasons behind a problem that caused untold despair and disappointment to those who send the letters and those who never received them. And on April 25, Jeff Horley will speak about how he built his 38-foot wooden dream boat and why it took 26 years to complete. The beautiful sailboat includes a Jacuzzi tub, stained glass windows, and enough space to sleep six people.
