## Lambton G.S. presents quilt to Moore Museum

A unique commemorative quilt was presented to the Moore Museum by Lambton Generating Station employees and retirees on Oct. 29. The quilt's creators used t-shirt graphics that had been produced to commemorate significant events from the station's history, as well as photographs of the site. The quilt legacy idea began when some talented Lambton Generating Station employees created a quilt to be auctioned off for charity. The quilt was designed to depict the development and activities of the station and its employees as a way of marking the plants imminent closure. Several employees felt that such a quilt would be an appropriate permanent memento of the station's history and importance to the community, so a second quilt was assembled by station employees Rosemary McGee and Debbie Paisley.

On hand for the Lambton Generating Station commemorative quilt presentation were, from left: Moore Museum Advisory Committee Chair Jim Townsend; L.G.S. employee Sylvia Firth; L.G.S. retiree Rosemary McGee; L.G.S. employee Debbie Paisley; and St. Clair Township Mayor Steve Arnold.

## Municipal Notes

### Municipal office holiday hours

St. Clair Township municipal office holiday hours will take effect on Tuesday, Dec. 24 when the office closes at noon. It will reopen on Friday, Dec. 27 with normal hours of operation. The office will close again on Tuesday, Dec. 31 at noon and will reopen again on Thursday, Jan. 2 with normal hours of operation.

### Notice of 2014 Capital Budget Meeting

The St. Clair Township 2014 Capital Budget presentation and deliberation meeting will be held on Thursday, Dec. 5, 2013 in the Council Chambers at the St. Clair Township Civic Centre, 1155 Emily Street in Mooretown. The meeting will begin at 5 p.m. and it is open to the public. All ratepayers are welcome to attend.

### Sewer main flushing underway

The St. Clair Township Public Works Department continues to flush all sewer mains connected to the township sewer system during the hours of 7:30 a.m. and 4:30 p.m. During this maintenance procedure, residents may notice some gurgling noise in the drains. If this condition persists after 24 to 48 hours of normal use, please notify Public Works at 519-867-2993.

St. Clair Township Operations

### Hydrant flushing underway

St. Clair Township residents should be advised that the Public Works Department will continue the annual flushing of all fire hydrants connected to the St. Clair Township water system during the hours of 7:30 a.m. and 4:30 p.m. The flushing may cause discolouration when residents use taps, flush toilets, do laundry, etc. as some sediment may be drawn into the residence. It is recommended that the cold water tap be allowed to run for a few minutes or until discolouration disappears. If discolouration continues after 10 to 15 minutes of normal use, please notify Public Works at 519-867-2993.

St. Clair Township Operations

## Council meeting schedule

Meetings of St. Clair Township Council are held every first and third Monday of the month (unless otherwise stated) at the St. Clair Township Civic Centre, 1155 Emily Street in Mooretown. December meetings are slated for Monday, Dec. 2 at 6:30 p.m. and Monday, Dec. 18 at 5 p.m. (following the Committee of the Whole meeting at 3 p.m.) Anyone wishing to address council should call the municipal office at 519-867-2021 for more information.

### County partners will 211 Ontario for emergency info

This area has seen its share of emergency situations, both man-made and natural, and at times like that, information is key to knowing how to respond.

The County of Lambton is now partnering with *211 Ontario*, an agency that will answer telephone calls from residents seeking such information 24 hours a day all year long and in 175 languages. Since 2011, the agency has been providing community and social service information for the county, but emergency management officials say the expanded service may take the burden off the better known emergency sources. "It's hoped that the public will be less inclined to call 911 looking for information, thereby keeping 911 lines open for those calling for assistance or reporting an emergency," said Mark Wetering, Emergency Management Coordinator for Lambton County.

In a media release issued by Lambton County it was noted that 211 is NOT a public notification system or tip line. If an emergency arises, residents will be told by existing emergency sources such as local news media that calling 211 is an additional means of getting official information and instructions. The 211 line may be activated if a large-scale disaster hits the area like it did during the Highway 402 snowstorm emergency, better known as *Snowmagedon*, or following a widespread power outage during extremely hot or cold weather.

For more information about 211 Ontario services and the role of 211 during major local emergencies, go online to: [www.lambtononline.ca](http://www.lambtononline.ca), or [www.211ontario.ca](http://www.211ontario.ca). Inquiries can also be made by calling 519-845-0801 or toll-free at 1-866-324-6912.

### Winter parking by-law in effect Dec. 1

The Winter overnight parking by-law takes effect on Dec. 1. Motorists are advised that it is against the law to leave vehicles parked on public streets and roads overnight. This allows snow plow crews to do their job effectively without having to dodge parked cars.

Property owners are also reminded that shoveling snow into the streets is also unlawful. The snow piles create dangerous obstacles that can contribute to automobile collisions.

*On behalf of all of us on St. Clair Township Council and of our hard-working municipal Staff, I would like to wish you and your family a very Merry Christmas and a Safe and Prosperous New Year. It seems hardly possible that another year has passed. It's been a busy time with many projects completed, many pressing issues discussed during meetings with Federal and Provincial representatives, and many great events spearheaded by our dedicated community volunteers. We have good reason to be proud of everyone in this municipality who works so hard to make it a great place to work, live and raise a family.*

*As we look forward to 2014, we hope that the people of St. Clair Township will continue to join us in the process of building a strong community that we and our children can enjoy and be proud of now and in the future.*

*Once again, Merry Christmas.  
Mayor Steve Arnold*

## Wilkesport Community Centre splash pad/sports pad funding repaid in full

A happy Chuck Lauwereys, chair of the Wilkesport Community Centre Board, completes the splash pad fundraising thermometer thanks to a donation from Enbridge Gas Distribution, Inc.

The final installment of the funding borrowed from St. Clair Township to complete the new Wilkesport splash pad and concrete sports pad was presented to council during its Nov. 18 meeting. The Wilkesport Community Centre Board was given five years to repay the \$148,000 loan from the township, but managed to do it in only about 16 months after receiving a generous \$8,000 donation from Enbridge Gas Distribution, Inc. The township contributed the other half of the total project cost.

Presenting the \$73,634.67 final installment of the splash pad funding to Mayor Steve Arnold are, from left: Wilkesport Community Centre representatives Mary Lou Denning (treasurer); Betty Lauwereys (banquet convenor); Chuck Lauwereys (chair of the Wilkesport Community Centre board).

## **MSC thanks Moore Optimist Club for support**

The Moore Optimist Club has continued to offer its support to programs being offered by the Mooretown Sports Complex in 2013. This year, a total of 272 St. Clair Township Grade 3 students took part in the Lifesaving Society *Swim To Survive* program, which was made possible thanks to a grant from the Lifesaving Society. However, transportation for the Corunna students was funded by support from the Moore Optimist Club.

This age-appropriate *Swim To Survive* program involves basic swimming skills and important self-rescue and lifesaving skills. Basic swimming ability is a fundamental requirement for the youth of St. Clair Township who live so close to the water.

*Thank you to the Moore Optimist Club for its ongoing support for the youth of St. Clair Township.*

## NOVA donation will help make cycling safer

Bicycles are gaining popularity as an alternate form of transportation and with the significant increase in bicycle traffic comes an increase in bicycle safety issues.

The St. Clair Bike Trail is being developed to ensure that cyclists have a safe place to ride and NOVA Chemicals has taken notice of the need for such a trail. NOVA recently made a donation of \$75,000 toward the trail's development. Of the donation, NOVA's Regional Manufacturing Director Tom Thompson says, "We are proud to live and work in a community that actively supports improving the bike trails in the area to ensure cyclists have a safe place to ride...We hope our recent donation of \$75,000 towards the St. Clair Bike Trail project will benefit the community and help keep our cyclists safe."

Mayor Steve Arnold expressed gratitude for NOVA's generous, community-minded donation during the recent cheque presentation.

NOVA has also contributed to bicycle paths across Lambton County including Bluewater Trails and Wyoming Trails.

## Union Gas donates to conservation and safety program

The St. Clair Region Conservation Authority's (SCRCA) *Spring Water Awareness* program is an important tool for teaching children awareness for the power of water, especially during the annual spring thaw.

A recent \$5,000 donation by Union Gas will support the conservation education staff that visits schools in Lambton County, Middlesex County, and Chatham-Kent to teach students from Kindergarten through Grade 6 about the dangers of being close to the edge of swelling streams, creeks, and rivers during the spring thaw. The program will also tie in to the provincial science curriculum for each grade level, teaching students about the rich aquatic life in local rivers and streams.

David Lamoureux, director of storage and transmission operation for Union Gas, said, "As a company, our focus on safety doesn't end with the workday. We believe in investing in programs that will help make our communities safer 24/7...Based on the success of this project, Union Gas is pleased to continue its support of this valuable and potentially life-saving program."

Mayor Steve Arnold, who is also chair of the SCRCA, acknowledges the importance of the SCRCA program, knowing all too well the impact past tragedies involving children lost to swiftly flowing watercourses have had on the community. "We are very pleased with our partnership with Union Gas," he said. "These funds will be a great help in advancing our efforts to teach school children in the region about the importance of being safe around watercourses, and of the

For more information, call the LSA at 519-339-8866 or 1-800-219-4717.

## **MADD Sarnia/Lambton mounts 2013 Christmas campaign**

MADD Sarnia/Lambton's 2013 Red Ribbon campaign began on Nov. 2 with the dedication of 200 white crosses located at the corner of Michigan Avenue and St. Clair Street in Point Edward. The crosses symbolize those who have lost their lives due to impaired driving. The statistics regarding impaired driving are chilling. Every year in Canada, between 1,250 and 1,500 people are killed and more than 63,000 are injured in impairment-related crashes, and it seems there are still many irresponsible motorists who are willing to drink and drive. The Lambton OPP report that, between Jan. 1 and Oct. 1 of this year, 78 impaired driving charges had already been laid within Lambton County.

In an effort to raise funds for public awareness and education programs, MADD Sarnia/Lambton held its fifth annual Voluntary Toll event on Nov. 16. Sixty students, police and MADD members collected the tolls in Corunna, Petrolia, Wyoming and Sarnia, garnering \$12,200.

A new MADD school program being debuted this year is an assembly program featuring a new film called *Smashed*. The film shows students how quickly one person's decision can cause a situation to spin out of control. MADD Canada expects about one million students from Grades 7 through 12 to see the presentation with the hope that it will prompt them to give serious thought to the subject of impaired driving.

This season, when you get behind the wheel of your car, make sure you aren't one of those foolish people who think they can drive safely with alcohol in their system. Each white cross at the intersection of Michigan Avenue and St. Clair Street in Point Edward is a reminder that someone died or caused death while under the same dangerous delusion. ## Great Storm of 1913 still horrifies after 100 years

*With files from the Moore Museum*

The gales that pummeled the Great Lakes in November, 1913, are now known collectively as the *Great Storm of 1913*. After 100 years, this chilling example of Mother Nature's fury still has the power to horrify. A display commemorating the 100th anniversary of the four-day storm and its destruction is now open at the Moore Museum Monday through Friday from 9 a.m. to 4 p.m.

The storm has other names, like the *Witch of November* and the *White Hurricane*, but no matter how fanciful a name you give it, the Great Storm of 1913 was a merciless killer that took 12 steel-hulled freighters to the bottom of the Great Lakes,

**Many of the dead washed ashore on the beaches of Lake Huron.**

*Moore Museum photo archives*

most in Lake Huron, with all hands. Of the 253 sailors who are known to have died, only 25 per cent of their bodies were ever recovered. The crew of one ship were discovered lashed to the mast and frozen to death. Inland, numerous other lives were lost. In addition, 31 other cargo ships and barges were disabled.

In the days that followed, it is recorded that farmers would come to the shore each day to recover bodies from the sand and snow.

Reports of the weather that caused the incredible loss of life indicate that, at the height of the storm on Nov. 9, winds gusted to 70 miles per hour with waves cresting at 35 feet, 10 feet higher than a telephone

## Moore Museum gratefully acknowledges community support

In 2013, Moore Museum continued its *adopt-a-project* program and these projects have received financial support from many community-minded organizations, industries and individuals. Moore Museum gratefully acknowledges their support.

Continued work on development of model train room: Lambton Creative County Fund; Imperial Oil Foundation; CN Railroaders in the community; Watson TIM-BR Mart; George Chase.

New picnic tables for museum site: Optimist Club of Moore; NOVA Chemicals (Canada) Ltd.

Education program improvements that add to the demonstrations and hands-on activities that provide lifelong learning experiences for visitors: OPG Lambton Generating Station.

Finishing touches and final work on the installation of displays in new general store: Ruby Bailey.

Purchase of a new display case to showcase and protect antique farm equipment miniatures at a child-friendly height: Moore Community & Recreational Foundation.

Storage room improvements (this area protects artefacts from light and handling while not on display): Optimist Club of Brigden.

The following donors contributed to the 2013 capital project and operating costs, including creating new exhibits, preserving artefacts, maintaining buildings and offering interesting programs:

Chemfab Industries Inc.; LANX-ESS Inc.; Preferred Towing; Bruce and Margaret MacPherson; Eleanor Vargo; Mayflower Rebekah Lodge #324; Earle and Joanne Clysdale; Theresa M.G. Crosswell; Lady Martha Rebekah Lodge #245; Leopold Lodge #397; Huron Baptist Church Primetimers; Allan and Carole Nickels; Donald Dawson; Sally Townsend; Geraldine Phair.

## Decorated Sombra airman operated general store

The recent observation of Remembrance Day gave us a chance to honour those who served in the defence of their country. One of our local heroes, Flight Lieutenant (F/L) Warren Hargrove of Sombra, not only served with distinction during World War II, he returned home safe and sound to continue serving his community as part of his family's business.

**F/L Warren Hargrove is shown here with his father, William, right, and general store partner Charlie Doan.**

*Photo submitted*

F/L Hargrove, born in Sombra in 1912, served as an observer with No. 410 Squadron of the RCAF as part of a two-man crew that participated in many sorties. In October, 1944, he and his crewmate, F/L Benjamin Plumer, were engaged with an enemy fighter near Venlo when their starboard engine was hit and caught fire. F/L Hargrove kept a cool head and successfully fought to extinguish the blaze while F/L Plumer continued the battle.

Their efforts resulted in the destruction of the enemy aircraft and a safe landing at the battle's conclusion. They both received the Distinguished Flying Cross, an award that acknowledged their courage and resourcefulness under fire. The London Gazette noted the award was effective as of Dec. 15, 1944.

The Hargrove family, along with partner Charlie Doan, operated the Red and White General Store in Sombra. Warren eventually became sole proprietor of the business and operated it until he retired in 1984. The building burned in 1992 and the property it had been located on is now the site of the Sombra Museum Cultural Centre and the General Store Park.

The following information sessions are offered at the Rapids Family Health Team clinic at 233 Cameron Street in Corunna. There is no charge for participation and sessions are open to anyone living in St. Clair Township. However, registration is required and space is limited. If a space is not available in the session you wish to attend, you will be placed on a list to attend a future session. For more information or to register, call 519-813-9800.

**For more information on upcoming sessions or to register for any of them, call 519-813-9800 to speak to reception.**

### Holiday hours of operation

**The 233 Cameron Street office will be closed for the holidays starting Monday, Dec. 23 until Wednesday, Jan. 1, 2014. Regular business hours will resume on Thursday, Jan. 2 at 7:30 a.m.**

### **Living with Diabetes**

This two-hour session, slated for Tuesday, Dec. 10 from 1:30 p.m. to 3:30 p.m., will provide a general overview of diabetes. The session will cover some of the most common myths about diabetes, what "good control" is, and some of the things you can do to manage your diabetes. The session is led by a diabetes educator.

### **Diabetes: Healthy Eating and Physical Activity**

This two-hour session will be held on Tuesday, Dec. 17 from 1:30 p.m. to 3:30 p.m. for people who have already attended our *Living With Diabetes* class or who have had past education on the basics of diabetes and want more information on diet. The session will cover the basics of healthy eating, what types of food affect your blood sugar levels, reading food labels, when and how much to eat, and how to increase your physical activity level. The session is led by a registered dietitian.

### **Healthy Weights by Healthy Means**

This program begins Thursday, Jan. 16, 2014 from 1 p.m. to 3 p.m. and is comprised of five sessions lasting two hours each. It aims to help you make permanent lifestyle changes. This is not a 'diet' program. Some

topics that will be discussed include: carbohydrates, protein and fats, physical activity and what types and amounts are beneficial, emotional eating strategies, sensible portions and portion control strategies, and more. Group discussions will help you learn from others' experiences. The group will work on weekly action plans and problem solving exercises to help you reach your healthy eating and physical activity goals. Each participant will receive a copy of a manual to keep. The session is led by a registered dietitian.

### **Healthy Weights Support Group**

This support group is for people who have previously attended the Healthy Weights by Healthy Means group program or have received individual nutrition counseling with one of our registered dietitians. The group's next meeting will be held on Wednesday, Dec. 18 from noon to 1 p.m. The Weight Loss Support Group is a drop-in program offering support, problem solving and the opportunity to ask questions and review strategies for achieving and maintaining a healthy weight. Sessions will be facilitated by a registered dietitian but the format will be casual. Participants will determine what is discussed by bringing forth topics of interest. Participants will also have the opportunity to check their weight, if desired. Participants do not need to register to attend; simply show up for the scheduled time and date, and show your health card at reception.

### **Quit smoking workshop**

This workshop is a two-hour session for people who are thinking about quitting or are ready to quit using tobacco. We will discuss strategies and methods for quitting, such as cutting back, using nicotine replacement therapy, and using prescribed medications. We will also work on finding ways to overcome barriers to quitting, how to make a quit plan, manage withdrawal symptoms, and how to prevent a relapse. Participants are also welcome to schedule individual appointments with one of our nurse educators to receive further support and information. The session is set for Friday, Dec. 13 from 9:30 a.m. to 11:30 a.m.

### **On-site laboratory access**

**All residents of St. Clair Township have access to the on-site laboratory, which is open Monday to Friday from 7:30 a.m. to 11:30 a.m.**

## Anniversary open house held to celebrate and educate

The recent open house event at the Corunna Chiropractic and Massage office was a mixture of celebration and education for visitors. While enjoying some tasty party food and taking a tour of the facility, visitors were given some handy tips on how to avoid painful injuries while coping with the rigors of Winter weather. It was also an opportunity for visitors to meet the two newest members of the CCM team, Dr. Jillian Drouin, D.C. and Registered Massage Therapist Courtney Thompson.

Informational sessions offered during the open house included *Lift Light, Shovel Right*, a detailed set of instructions for safely wielding a snow shovel. Recommendations include: During a lengthy snowstorm, don't wait until the snow has piled up. First, warm up before starting by simply stretching or walking in place. Then, shovel walkways and driveways frequently, moving small amounts of snow. Use a lightweight pusher-type shovel. Spray the blade with Teflon so the snow won't stick and push the snow to the side rather than throw it. And if you have to lift the snow, bend your knees to let your leg and arm muscles do the work while keeping your back straight. All of the sessions offered were OCA (Ontario Chiropractic Assoc.) approved.

**Right:** During an informational interlude, Jillian Drouin, left, and Courtney Thompson correct the shoveling technique of visitor Francis Lepine.

## ***"..at the going down of the sun and in the morning, We will remember Them."***

Every year, Royal Canadian Legions across Canada help us to remember that our country and our freedom have not come to us without sacrifice. On Nov. 11, a large crowd joined Legion members and members of St. Clair Township's police department and fire department at the Corunna clock tower cenotaph to pay tribute once again. The assembly braved the raw chill of the rainy autumn day to listen as Legion Padre Paul Woolley led a prayer for peace and to say a silent personal prayer of thanks for those who served and those who continue to serve in Canada's name all over the world.

Row upon row of wreaths honouring those who served and those who died stand waiting to be placed beside the Corunna clock tower cenotaph. They were later taken to the Corunna Legion cenotaph on Albert Street.

Dismal weather couldn't discourage attendance as hundreds turned out to pay their respects at the Nov. 11 Remembrance Day services. Above: Mayor Steve Arnold places a wreath in the name of St. Clair Township. Left: OPP officers and members of the St. Clair Township Fire Department stand in solemn support of their Legion comrades while wreaths honouring the fallen are placed.

### Local businesses recognized for ongoing support

Good businesspeople deserve to be recognized and, with this in mind, the volunteer firefighters of the St. Clair Township Fire Department's Courtright station presented a token of appreciation in the form of a plaque to Cindy and Darryl Lefaive of Courtright Variety. District Deputy Fire Chief Les Fournie, left, also presented a plaque to Joe Anderson of Watsons Tim-Br Mart (absent from photo). The plaques symbolized the firefighters' appreciation for the businesses' ongoing support of the fire association. *Photo submitted*
